9kg Series 3 Front Loader Washer

Series 3 | Front Load

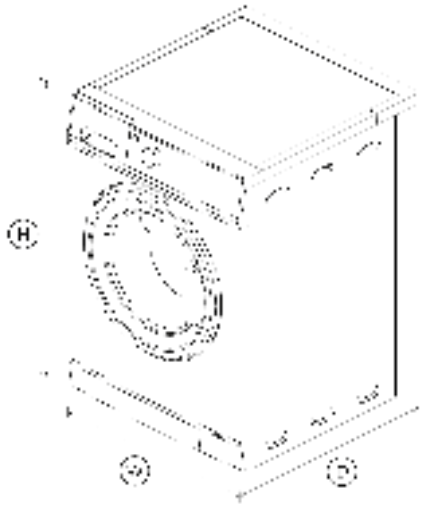
White

This front loader cares for all kinds of fabrics, with a cycle for everything from delicates to bulky items.

- Nine wash cycles including Quick, Delicate and Heavy
- Vortex Wash helps deliver a 30 minute Quick cycle without compromising fabric care

DIMENSIONS

Height	**850 mm**
Width	**600 mm**
Depth	**655 mm**



FEATURES & BENEFITS

Nine Fabric Care Cycles

Featuring nine specially-developed wash cycles to care for your clothes, this machine has a cycle to suit every load type from Heavy to Delicate.

Easy To Use

This washing machine features an intuitive control panel, where you can easily select your preferred cycle and wash boost options, which include Rinse+ and Pre Wash.

A Smarter, Quieter Motor

SmartDrive™ Technology is a gentle, quiet, and efficient combination of smart electronics and a direct drive motor that senses the load to deliver better fabric care.

Quick Cycles

When time is short, you can select a quick 30-minute wash without compromising cleaning and fabric care. Vortex Wash allows most cycles to take less than one hour to complete.

Saves Water

With a 3-tick water rating, our 9kg washing machine handles large loads while keeping water usage to a minimum.

Designed To Match

The complete package for a beautiful laundry. This washing machine is designed to match both the 8kg Heat Pump Condensing Dryer and the 8kg Condensing Dryer. With outstanding aesthetics and complementary wash and dry cycles, they become the perfect pair to deliver complete fabric care.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
